

# Filing Fees

Previously, when an internet payment was made, all fees incurred up to the time of payment had to be paid at once. Release 4.1 – 4.2 now contains new functionality for tracking the fee due upon filing a voluntary bankruptcy petition and the associated payments.

To avoid problems with pop-up blockers among various browsers, the pop-up window previously generated by a pay.gov transaction is now displayed as a panel. This panel appears as a part of the original application window, so it is not affected by pop-up blocker settings.

## Step 1

On the “Internet Payments Due” screen below, all outstanding fees are displayed along with a check box for each fee. Select the fees to pay and check the boxes next to the desired fees. Click “Next”.

**Note:** Select “Select all” and then click “Next” to pay for all the fees listed on the Internet Payments Due screen.

## Attorney Lockouts

All fees associated with a filing are due at the time of filing. If you do not pay fees you incur within **48 hours**, the following will occur:

- You will not be able to electronically file in the court until you pay all fees.
- If prevented from filing, you may still log into CM/ECF to pay fees (Payments Due screen or Utilities > Internet Payments Due (under "Your Account" heading)).
- Once all fees are paid, your account will be unlocked and your filing permission is reinstated upon your next login.
