Ms. Kopacz has over 30 years' experience assisting stakeholders in analyzing business operations and reorganization possibilities. She has led or participated in over 100 consulting and restructuring engagements representing companies, debtors, investors, creditor committees, banks and Chapter 11 Trustees. Ms. Kopacz has advised in a broad range of industries including not for profit and public sector, retail, leisure and entertainment, technology and professional services. She was one of the first financial advisors to apply turnaround principles to public sector and not for profit organizations. She has served as an Interim President, Chief Restructuring Officer, Chapter 11 Trustee, Collateral Trustee, and Examiner.

General Experience

Ms. Kopacz has prepared dozens of financial projections for clients and reviewed and critiqued dozens more, prepared by others. She has previously testified as to the appropriateness of forecasting methodology, the assumptions upon which forecasts are based and the likelihood of an organization to meet its forecast. She has a deep understanding of the importance of developing assumptions based upon a thorough analysis of relevant data, including historical and prospective information as well as third party, independent information. Ms. Kopacz understands the nuanced area of municipal budgeting. Because municipal entities lack a "standard" in budgeting, forecasting and accounting, great variations occur in the manner in which public entities report financial results and develop forecasts. As such, preparing and evaluating projections for municipalities requires strong business acumen and deep appreciation for the challenges inherent in the forecasting methodology and limitations presented by available information.

Relevant Engagements

Ms. Kopacz advised the **Nassau County Interim Finance Authority (NIFA)**, a New York state control board, in their oversight role. In early 2011, NIFA imposed a control period for Nassau County based on a substantial budget deficit. Nassau County has experienced financial difficulties for over a decade despite an annual budget that approaches \$3 billion. The structural deficit for 2012 was estimated at \$300 million. Ms. Kopacz advised NIFA on the financial requirements underpinning the control period, the nature and size of the likely budget deficit and the reasonableness of the County's forecasts. In addition, Ms. Kopacz and her team conducted an in depth review of the business operations of the County and developed over \$300 million of suggested cost reductions and operational improvements, which if implemented would restore Nassau County to a balanced budget in the next few years.

Ms. Kopacz served as Financial Advisor in a multi-party representation of seven of the country's largest **Municipal Transit Authorities** in an out-of-court renegotiation of their advertising contracts with a New York based outdoor media company. She advised her transit authority clients on the viability of the company's business plan and played an active role in the advertising contract negotiations with the company. Ms. Kopacz represented her clients in the restructuring of more than \$200 million of senior and junior debt with the bank group and private equity sponsor.

Serving in the capacity of the Chief Restructuring Officer and Interim President, Ms. Kopacz designed, led and executed the out-of-court restructuring of the **Legal Aid Society**. At the time, the Society was a 135 year old charity with approximately \$150 million in revenue serving the legal needs of the needy in New York City, funded largely by the State of New York and New York City. Accomplishments included: reducing a \$20 million operating deficit to better than break even; negotiating workforce reductions, compensation and benefit modifications with the UAW (lawyers' union) and the SEIU 1199 (social workers and paralegals' union) representing approximately three-fourths of the Society's 1400 employees; restructuring pension obligations; consolidating real estate, third party suppliers and infrastructure; and restructuring over \$65 million of balance sheet and long term obligations with dozens of creditors and stakeholders, all of which returned the organization to solvency. In addition, Ms. Kopacz led the Society's first ever Strategic Business Planning effort, managed day-to-day operations in conjunction with the Attorney-in-Chief, and received the Society's Pro Bono service awards for 2004 and 2005.

Relevant Engagements (cont.)

Ms. Kopacz represented **The Educational Resources Institute, Inc. (TERI)**, a large not for profit organization providing college access to underprivileged and underserved populations. TERI's for profit subsidiary was the largest guarantor of private student loans in the country when the securitization market for student loans evaporated. The extensively negotiated plan of reorganization preserved the not for profit mission and return collateral to the original lenders.

Prior Experience

Prior to joining Phoenix Management, Ms. Kopacz founded Brant Point Advisors, a boutique advisory firm. Previously, Ms. Kopacz co-founded and co-lead the U.S. Corporate Advisory and Restructuring Services practice at Grant Thornton LLP and lead the group's public sector initiatives. Earlier in her career she was a Managing Director with Alvarez & Marsal, focused on public sector and not for profit clients, and a Principal with PricewaterhouseCoopers LLP until the practice was sold to FTI Consulting, as which time she was a Senior Managing Director.
